FIGHT STARTED ON

Necessity for Economy Emphasized at National Editorial Convention.

Minneapolis, July 16.—Opposition to free advertising and publicity by newspapers of the country was voiced by speakers at the afternoon session of the National Editorial Association convention here. S. G. Goldthwaite of Boone. Is., president of the Iowa Press Association, recommended the appointment of a tion, recommended the appointment of a field secretary to conduct a campaign against free advertising. Necessity for organization, economy

and cooperation among newspaper publishers was emphasized in the report of the executive committee, which was presented by G. E. Hosmer of Denver, chairman. His report dealt with the efforts publishers to obtain print paper at asonable prices and also touched on momies which should be practised by

"I would estimate," he said, "that the work done by this organization and by the various other press and editorial or-ganizations of the country has saved and will save the newspaper publishers during 1917 at least \$25,000,000 over what they would have had to pay had the fight not been taken up by us a year

The report said the censorship question had been settled "fairly satisfactorily," and that newspapers should be eareful not to misuse their privileges.

Of postage rates the report said a fair basis would be one which took into account the difference between a publisher sending his paper 2,000 miles and one whose mailing limit was two miles. Mr. Hosmer took exception to the imposition of a 5 per cent, tax on the profits on of a 5 per cent, tax on the profit of newspapers and said that while will-ing to pay their just share of added war burdens newspapers should not be com-pelled to pay any additional tax not levied on other businesses.

2 HELD FOR MANSLAUGHTER.

Mospital Attendants Accused Killing Insane Patient.

GDENEBURG, N. Y., July 10,-Webste McPherson and Ray J. W. Keeler, at-tendants at the St. Lawrence State Hos-nital for the Insane, were held to-day for trial on charges of manslaughter in a first degree. It is alleged they caused injuries which resulted in the death on July 6 of George Jabbott of Mor reconville, a patient in the hospital. Ball was fixed at \$5,000 in each case.

Medical witnesses testified that Jab-bott had nine broken ribs, a rupture of he small intestine and a nasal fracture. It was asserted that these injuries were received in a struggle with attendants while they were trying to remove his clothes and put him to bed. No testimony was presented on behalf of the defendants. One of the principal witnesses was Dr. Richard H. Hutchings, medical superintendent of the hospital.

December Corn at Season's Record in Chicago-Provisions Also Go Up.

CHICAGO, July 10 .- Assertions that the German Chancellor had said peace was far distant had much to do with a general advance to-day in grain and provisions. Net gains were: Corn, 2% to 4%c.; wheat, 16 to 1c.; outs, % to 2c., and provisions, 17 to 50c.

considerable strength before word was received of the purported declaration by the German spokesman, prices began to soar in earnest after bulletins were circulated quoting him as strenuously in favor of continued fighting. The Decem-ber option jumped to a new high record for the season. Despite fiberal sales to realise profits the market finished at the topmost point reached. Unwelcome dry, hot weather in the Southwest tended materially to handicap the bears, as did general sentiment that the Government crop report had not proved so flattering

in some important respects as the trade was inclined to look for.

Virtual exhaustion of the contract stock of oats here gave some independent strength to the oats market. The bulge in corn values counted further as a stim-ulus, and seemed more than an offset for any weakening effect from the Gov-

ernment crop report.

Wheat reflected the upward movement of other grain. Later, however, something of a setback was witnessed due to reports of strenuous opposition to sundry features of the food control bill in the Senate. News of the smoothing of the way for the measure did not arrive until after wheat trading was ended

quotations on hogs had a depressing in-fluence at the outset, but it was not of a lasting character.

immortal Firenze was at the help

The track was slow from the recen

ord made by R. J. Mackenzie's Helen Barbee in 1902. If Jockey Loftus had hustled her along she would have esta-

between Bayberry Candle and Wistful Mr. May's mare displayed her usus gameness near the finish and best Wistful home by a short head.

After more than a score of perfect starts Mars Cassidy made a rank cos

exceptionally close finish judges could pick the winner crowd it looked like a dead heat be tween Afleen O. and June Bug, but the officials said Aileen O. had poked nose home first.
